

MEMORANDUM

Date: March 24, 2006
To: Transfer 72652 File
From: Corey Skinner
Re: Evaluation of Sufficiency of Information Submitted

Application filed to identify the City of Heyburn's three existing wells, and a fourth new well to be drilled, as authorized diversion points for the City of Heyburn's water right, 36-8550. The three existing wells, and the fourth new well to be drilled, are all located within the City of Heyburn service area (within POU, so no ESPA model analysis required). A companion Application for Amendment of Permit 36-8738 was also filed with this transfer application to identify all three existing wells, and the fourth new well to be drilled, as authorized diversion points for the permit.

- **Authority to File:**
Applicant is listed as the current owner of the right involved with the transfer according to IDWR records.
- **Water Right Validity:**
Right is a recently issued (1998) license.
- **Injury to Other Water Rights:**
None anticipated.
- **Enlargement of Use:**
None anticipated if appropriate conditions and limits are implemented.
- **Local Public Interest:**
Application will be subject to public notice and protest.
- **Beneficial Use/Conservation of Water Resources:**
Proposed uses are a beneficial use of water.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
