Re: Protest of Transfer No. 72038 – City Of Bancroft

Dear Roger:

We, Dale and Nuelene Wistisen after reviewing the Hydrogeologic Evaluation prepared by Rocky Mountain Environmental, do hereby with draw our protest to the water transfer of the City of Bancroft.

Be it also noted that if some future date that we experience problems with our wells, we will look to the City of Bancroft, as a possible cause. We will also expect that if it is proven to be the cause of our problem. We will look to the Department of Water Resources uphold the laws of the State of Idaho and see that we are made whole.

Sincerely,

Dale & Nuelene Wistisen
