RE: Corrected App For Transfer 71902

Dear Mr. Peterson;

Enclosed are copies of pertinent pages of the corrected transfer that I prepared per our meeting last week. If the transfer is acceptable, please have you and Mrs. Peterson sign the signature page before returning it to me for processing; I can notarize your signatures on the returned document.

With regard to the filing fee, the original fee of \$330 was based on the percentage of the claimed acres that were being moved rather than on the total diversion rate for all five claims. Basing the fee on strictly the diversion rate would have cost you \$490. But the fee for the corrected transfer is based on the total rate for the four claims, as all of the recommended acres are being moved. The fee is now \$410, so please remit another \$80 with the signature page. This is an odd situation that I did not expect, but I don't see any way around it. Our fiscal section pointed out the problem when I requested a refund of what I thought was an excess filing fee; sorry about that.

Regards,

James E. Stanton
Sr. Water Resource Agent
