Describe the reason for the proposed changes

Land in Sec. 26 & 27 has been sold with only late-priority reservoir rights, and the land in Sec. 22 will be sold in the same manner. The decreed private rights are being consolidated onto our remaining land. No new land will be farmed due to this change. No land has ever been owned by Peterson Farms, so the transfer also corrects the ownership records for these rights. Early-priority reservoir rights will also be moved to the same remaining land directly through the Little Wood Canal Co. The land that has been sold will be subdivided for homes. The points of re-diversion from the East Canal that serve the two south parcels are being removed from the claims, as they are no longer needed.

4. FOR CHANGES IN NATURE OF USE ONLY

A. Describe the expected quantity of the return flows and location of discharge after the proposed change

B. Describe the effects on other water uses resulting from the proposed change

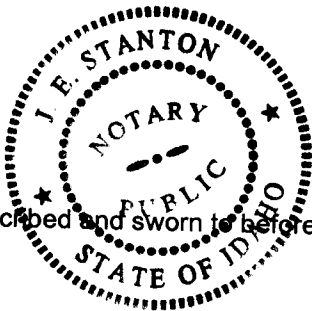

5. Total Amounts Transferred
