CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **April 01, 2006**.
2. Subject to all prior water rights.
4. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.
5. The Director retains jurisdiction to require the right holder to provide purchased or leased natural flow or stored water to offset depletion of Lower Snake River flows if needed for salmon migration purposes. The amount of water required to be released into the Snake River or a tributary, if needed for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this permit.
6. After specific notification by the Department, the right holder shall install suitable measuring devices or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.
7. The right holder shall not provide water diverted under this right for the irrigation of land having appurtenant surface water rights as a primary source of irrigation water except when the surface water rights are not available for use. This condition applies to all land with appurtenant surface water rights, including land converted from irrigated agricultural use to other land uses but still requiring water to irrigate lawns and landscaping.
8. The well in the SENE, S24 will serve to supply the irrigation component under this municipal right and shall not be interconnected to the other two municipal supply wells identified in this right.
9. The water bearing zone to be appropriated for one of the wells in the SWNE, S24 is from 500 to 700 feet; the water bearing zone to be appropriated for the second well in the SWNE, S24 is from 185 to 300 feet. The water bearing zone to be appropriated for the single well in the SENE, S24 is from 100 to 160 feet.
10. Place of use is within the service area of the City of Meridian municipal water supply system as provided for under Idaho Law.

This amendment of permit is issued pursuant to the provisions of Section 42-211, Idaho Code. Witness the signature of the Director, affixed at Boise, this 18th day of April, 2003.
