RE: PERMIT NOS. 15-7192 and 15-7193

Dear Permit Holder:

According to our conversation on March 29, 2006, I have requested the department refund you \$225.00 because of your overpayment of the filing fees for the above-referenced permits. This refund is the remaining credit balance from \$600.00 you paid. The appropriate amount of filing fees for these two permits, for the Proof of Beneficial Use and the Request for Extension of Time is \$375.00 (\$325.00 for permit no. 15-7192 and \$50.00 for permit no. 15-7193). You can expect the refund in approximately 7 to 10 business days.

The department acknowledges receipt of the proof of beneficial use form submitted for permit no. **15-7192**. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

I have enclosed a copy of the approved Request for Extension of Time ("extension") for permit no. **15-7193**, which extends the time to submit proof of beneficial use to **April 1, 2010**. Please note that the department granted this extension based on evidence of good cause. It is important that you work diligently toward the completion of this project during the construction period allowed, since the department may not be able to grant an additional extension request.

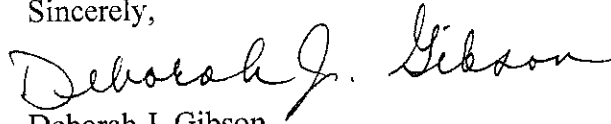

Other documents you filed with the department that are duplicates of what we have in our file are enclosed for your file and information.

Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner. Additionally, these forms are available on our website at: www.idwr.idaho.gov.
