RE: Transfer filed in the name of the City of Arco

Dear Mr. Foster:

In a review of the transfer in the name of the City of Arco it should be noted that the beneficial use claim 34-4080 is no longer valid (not recommended in the SRBA) and cannot be included in the transfer. The recalculated flow rate of 4.77 cfs ($5.89 \text{ cfs} - 1.12 \text{ cfs} = 4.77 \text{ cfs}$) will be the total amount allowed under the transfer. The \$450.00 filing fee paid under receipt number E031352 exceeds the \$410.00 transfer fee for 4.77 cfs. A written request for the \$40.00 difference in fees should be made.

Please submit a revised transfer with the following changes:

1. Do not include 34-4080 on the transfer
2. File on a total diversion rate of 4.77 cfs
3. Include the county in the legal description of the point of diversion.
4. Include a map showing all points of diversion.
5. If the city designates the wells by name or number it would be advantageous to include that name under the "Local name for the diversion" on the transfer.
6. Include the copies of Part 2 (enclosed) for each of the water rights involved in this transfer.

Your response on or before December 19, 2005 would be appreciated.

Sincerely,

Keith C. Wilson
Senior Resource Agent
