

WILLIAMS LAKE PROERTY OWNERS

Dear Property Owner,

This letter is for your information concerning the Williams Lake Water Board trying to **FINALIZE OUR WATER RIGHT** as Municipal. The previous Water Boards never finalized our water rights here at the lake. This finalization of our water right as Municipal would give the Water Board more flexibility with regard to our water rights. For the last 10 or more years there has been a moratorium on developing your property and building of new homes at Williams Lake. As you know nothing ever stays the same, so it is time to move forward and do something about it. There are several homeowners that do not want our water system finalized and are protesting their points of view to The Idaho Department of Water Resources. There has been a preliminary hearing scheduled for April 24, 2006 at 2 PM to review and arbitrate their protest. If the protesters prevail the Williams Lake homeowners may be liable in a Class Action Lawsuit over the property owners inability to develop their property after paying taxes all these years. If you agree with the Water Board or not and would like to give the Williams Lake Water Board the ability to finalizing our water right as Municipal, you might want to attend this important meeting or send a letter with your opinions to the Water Board attorney Milton (Jock) Slavin at P.O. Box 82, Salmon, ID. 83467.

Thank you for your attention,

Williams Lake Water Board
