Re: Reporting Requirement

The City of Boise petitioned IDWR to have the annual reporting requirement removed from Permit 63-11816. On February 8, 2006, I spoke with city employee Maria Minicucci about whether the city also intended for the measuring and/or recharge requirements to be removed. Ms. Minicucci assured me that the city intends to continue measuring and recharging but would prefer not to have the administrative burden that comes with reporting annually.
