**RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK.
WATER RIGHT NO(S). 02-7064**

Dear Mr. Hooley:

As per your letter dated August 1, 2005, the agreement to rent water from the Water Supply Bank has been modified to authorize diversion of 126.1af of water from October 20 to November 10, 2005. Please find enclosed a Water Supply Bank Rental Agreement for your review and signature. Upon signature and return of the agreement, together with the rental fee described below, the department also will sign the agreement and will return an executed copy to you. Execution of the agreement and compliance with the conditions of approval authorize diversion and use of water as provided in the agreement

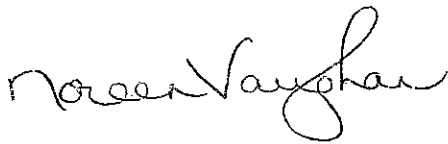

The rental fee is **\$1,387.22** and was calculated as \$11.00 per acre-foot times 126.1 acre-feet. Please send a check made payable to the Idaho Department of Water Resources together with the signed rental agreement. Also return the signed agreement and fee to my attention so I can complete the processing.

Please note that applications for rental of water must be reviewed in accordance with Section 42-1763, Idaho Code, and the department's Water Supply Bank Rule 30 (IDAPA 37.02.03.030). This includes consideration of whether there will be injury to other water rights, whether the proposal would constitute an enlargement of the water rights, whether the water will be put to a beneficial use, whether the water supply available from applicable rights in the water supply bank is sufficient for the use intended and whether the proposal is in the local public interest. While a one-year

rental usually involves a general review of the water rights and proposed use, rental of water over multiple years may require more comprehensive review, notice to advise anyone who desires to protest the proposed water use, and approval by the Idaho Water Resource Board.

If you have questions, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read "Noraen Vaughan".
