Re: *King Creek Grazing Association
Transfer No. 71551*

Dear Roger:

From further review of our maps, it does appear that the point of diversion of the pipeline listed in the original Application as the SW SE SE of Section 33, T. 6 S., R. 38 E., was in error. The correct point of diversion appears to be NW SW SE, Section 33, T. 6 S., R. 38 E., as per your post-it note. Accordingly, we have corrected this description for the point of diversion, which you will note I have initialed on page 1 of the Application and also on the map, both of which are returned.

Thank you for your assistance and my apologies for not getting this back to you sooner. King Creek appreciates your efforts to complete the approval of this transfer so it will be ready to go for the upcoming irrigation season. If you have any questions, don't hesitate to give me a call.

Sincerely,

RANDALL C. BUDGE
