Department of Water Resources
Eastern Region

Watermaster's Recommendation:

a) ☐ I do not oppose approval of this application.

b) ☒ I do not oppose approval of this application if it is conditioned as follows:

If existing creek bed is lined or sealed for minimal water loss for this right has not been delivered out of Timber Creek for at least, as I know, for 20 years. The Creek bed has been dry for 6 to 9 months out of the year.

c) ☐ I oppose approval of this application for the following reasons:

d) ☒ Additional Comment:

After further research it was a "good ole boy" trade between former owners. This right has been delivered out of the Lemhi River.

Dated this 9 day of March, 2006.

Water District No: 74W

Watermaster's Signature

The reason for the trade took at least 3 times the amount of water to be delivered to the original diversion. Several water users lost water early to fill the right.
