Subject: Peachtree Hill LLC Application for Permit

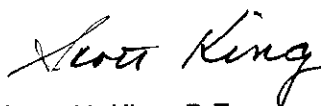

Dear Mr. Lester,

On behalf of our client, Peachtree Hill LLC, we are pleased to submit the enclosed Application for Water Right Permit associated with a proposed subdivision south of Lake Lowell in Canyon County. The proposed usage includes in-house domestic for 107 households and associated fire protection. Irrigation uses will be supplied through a separate irrigation system using appurtenant surface water (Nampa & Meridian Irrigation District and Wilder Irrigation District) and ground water (63-8687). Two wells are proposed with one supplying normal domestic demands and the other for fire protection and backup. The application is signed by Brent Coles, partner and manager for Peachtree Hill LLC.

Also enclosed is an ownership change application for three rights, two of which are decreed (63-26335 & 63-26336) and one pending SRBA processing (63-8687).

A check for \$420 is enclosed to the cover filing fees for this permit application (\$370) and ownership changes (\$50). Please contact Terry Scanlan or me with any questions or requests for additional information.

Sincerely,

Scott N. King, P.E.  
Senior Project Engineer
