Attached are copies of the Application to Appropriate Water and the Permit to Appropriate Water regarding your referenced ground water right.

You may file proof of beneficial use on just the domestic use, however the irrigation must be connected and irrigating the property where homes exist. If you do not wish to finish development of the irrigation use from the well, you must have a separate irrigation right for diverting water from the Pend Oreille River.

Please contact me at the above number if you have any problems with the transmission of this fax, or if you have questions about proof of beneficial use. You may contact a water right agent at the regional office in Coeur d'Alene at (208) 769-1450 if you have questions about your application & permit.

Thank you for your call today.

*He will talk to his engineer and decide what to do. He didn't want the irrigation water to come from the well.
Also, his mailing address is E 1202 Front Ave,*
