RE: Salazar Request for Partial Relinquishment, 36-7938

*File 36-7938*

RECEIVED  
MAR 16 2006  
DEPARTMENT OF  
WATER RESOURCES

Attached is a request for partial relinquishment of a ground water right which is subject to curtailment under the pending ESPA calls. The water right owner chose partial relinquishment of ½ acre irrigation in order to escape mitigation and water district fees associated with the continued diversion of this right. The remainder of the right after this action should authorize domestic use, no more than ½ acre of irrigation and diversions of no more than 13,000 gallons per day.

I spoke with Ms. Salazar in my office yesterday. I am satisfied she understands the consequences of this decision. The land in question has Minidoka ID shares and will be irrigated with surface water.

OF  
WATER RIGHT**

I hereby relinquish to the State of Idaho, <sup>the following portion of</sup> ~~all~~ my right, title and interest in and to the following rights to the public waters of the State of Idaho:
