RE: Change of Ownership for Decreed Water Rights 65-445, 446, 3375, 3376, 3377,
and 65-11243

Dear Mrs. White:

After your telephone call yesterday, I had a chance to review your water right files and found that I had started a letter to you in October that got set aside and somehow did not get mailed. Please accept my apology for the delay in getting the information to you.

I talked with Kandice McDermott about the letter she sent you on June 23, 2005 (copy enclosed) and she showed me that the deed you sent for support data only covers water right 65-20355. This right has been updated to show you as the current owner. A separate letter and database report are enclosed showing that information.

I have enclosed copies of the decreed water rights that are listed above so that you can see the legal description of the lands the water rights are appurtenant to. In order for us to change the ownership on these rights we must have documentation that will allow us to do that.

Hopefully you will be able to provide the additional information that we need so we may complete the processing of your request.

If you have any questions regarding this matter, please call me at 287-4952.

Sincerely,
