Re: Transfer 72499 to add a point of diversion to water right 33-2115

Dear Mr. Stauffer:

When you were assisted in completing the transfer to add a well to an existing irrigation system a copy of your warranty deed and a notarized letter from the lien holder of the property agreeing to the proposed change, was requested. As of the date of the requested information was not been received.

The Department will hold further processing of your application for 30 days from the date of this letter to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the application.

Please provide the requested information on or before April 6, 2006. Your prompt response will be appreciated.

Sincerely,

Keith C. Wilson
