RE: Beneficial Use Exam Water Right Permit # 37-08563

Gentlemen:

As we discussed in our telephone conversation on March 7, 2006, the beneficial use exam for the above water right has not been completed even though the proof was filed in 1992. The permit holder is anxious to complete the licensing of this water right and has asked Brockway Engineering to facilitate that completion if possible. I understand based on our conversations that the department has no problem with Brockway Engineering, specifically Charles E. Brockway, completing the beneficial use exam on this permit. We will therefore schedule the field exam as soon as possible after the snow is clear from the site.

Thank you for your attention to this matter.

Sincerely,

Charles E. Brockway, P.E., Ph.D.
