Subject: OC Form

Kari Lynn,

I had a call today from a Vern O. Thomas who received a letter from the Department addressed to the previous land owner. He remembers changing the name during closing, but I explained that he may not have filed a Notice of Ownership Change form with the Department. There appears to be one right in the previous owner's name on the land he owns. Can verify whether an OC form has been filed for right no. 36-29A, and if not send him an OC form. I did not get his address. His phone number is 208-837-4100 (he would be happy to hear whether the a form was filed). I also have concerns that he does not have water rights for all of the property he purchased, but that is another chapter...

Thank you,
Cynthia
