

MEMORANDUM

Date: December 21, 2005
To: Water Right File 75-7353
From: Shelley Keen
Re: Licensing Review

PLACE OF USE

The field examiner reported 7 acres of irrigation. One of his maps appears to indicate some irrigation occurring on the uphill side of the ditch toward the south end of the property, but it is not clear whether he really intended this area to be included or not. It is shaded orange like the rest of the irrigated area, but it does not have the diagonal-line shading that the area below the ditch has. On the aerial photographs the area above the ditch does not appear irrigated, nor does it appear irrigated on the photographs provided by the examiner. Therefore, I have excluded it from the place of use. The irrigated area below the ditch is 6.1 acres, as determined using GIS.

OWNERSHIP

Permit 75-7353 was issued to Morgan DeBoard. The field examiner indicated that the current owners at the time of the exam were Bill and Donna Inman. Mr. DeBoard has not assigned the permit to the Inmans, so he will be listed as the owner of the right. Copies of correspondence should be sent to the Inmans until the ownership question is resolved. According to the tax lot data received from Lemhi County, Mr. Inman receives mail at PO Box 6435, Sitka, AK, 99835.
