CONDITIONS OF APPROVAL

1. The pond established by the storage of water under this right shall not exceed a total capacity of 0.3 acre-foot or a total surface area of 0.2 acre.
2. This right authorizes the diversion of an annual total of 0.7 acre-foot to be used for the initial filling of the pond, for the replacement of losses caused by seepage and evaporation from the pond.

WATER RIGHT NO. 73-87
As Modified by Transfer No. 72361

CONDITIONS OF APPROVAL

3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 73.
4. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
5. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
6. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
7. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
