DISTRICT COURT - SRBA
TWIN FALLS CO., IDAHO
FILED 81

Dear Sirs - This past year since Mr. Askegard's death, I have been reviewing all our water rights during the process of changing ownership from his name to mine.

When your letter of May 30, 2001 came about a numbering problem with a stockwater well, I put it aside because of other paperwork deadlines I had plus it being planting season. Now, with harvest over and another paperwork assignment which includes listing all our water rights, I've been made aware again of your letter.

As I tried to find out exactly where this stock water well is located, I have realized that the letters of the legal descriptions have been transposed. Therefore I want to make a motion to set aside the partial decree for water right (new number) 31-11708, (old # 31-81364) and open the way for a water right number for the stockwater well with a legal description setting it in the correct location.

I'm sure when my husband transferred the well from the previous owner, Karl Cook, who drilled the well, he was unaware the legal description was in error.

The "place of use" stated on the W.R. report is

Sup 7N, Range 36 E, Sect 32 Tract SWNE
The correct Legal description is:

Sup 7N, Range 36 E Section 32 Tract NWSE

priority date: 4/22/1981

waiver decreed

Decreed date 6/24/1998

Quantity: 0.05 CFS 1

Diversion rate 0.09 CFS

I realize I still need to change the ~~ownership~~ ^{ownership}
yet from Boyd Ashcraft's name to mine, but
if you need me to do anything else to straighten
out the location, please let me know.

P.S. The legal description I have given
stated on the W.R. report Helen J. Ashcraft
puts the well on wife of Boyd Ashcraft
a corner of ground 2983 E 2000 N
owned by our neighbor, Sugar City, Id
Kenneth Ellis. - 83448
