RE: ADVERTISING

(1) Ads for 7/5 + 7/18 - cannot get them  
into paper 7/5 in time due to holiday;  
too many to enter

So will have to run all that batch on  
7/19 + 7/26 with protest date 8/7/95

(2) 63-11848 (in the above batch)

total = .29 cts? she will show that way  
unless call her otherwise

Follow up

protest deadline identified,  
files updated ✓

NEED TO  
LET HER  
KNOW c BOTH  
THESE

(2) 63-11848 per file review =

Subject: WATER USE \_\_\_\_\_

Dastabase contained an error identified in advertising this month and now corrected: had listed industrial .20 cfs in water use but was not included in total amount of water. So advertising listed .09 cfs irrig & .20 cfs indust. with .09 cfs total. Per file review, nothing shows that industrial remains on application. Due to newspaper's inability to pace this ad along with large group of other moratorium appls. in the 7-5 edition (holiday plus large amount of data entry on newspaper's part), must run ad on 7-19 & 7-26. So no harm done in the advertising process due to the database error. Corrected d'base shows only .09 cfs for \_\_\_\_\_ irrigation. \_\_\_\_\_
