RE: Proof of ownership of 23-2065A

Dear Mr. and Mrs. Hicks:

A letter dated June 16, 2005, was sent to you requesting that you clarify the following information:

Warranty deed South Half of Northwest Quarter (S½N¼) Section 7, Township 1 North, Range 44 E.B.M.

"TOGETHER with the following water rights:

Water Right No. 23-07151, an undivided one-half interest in Water Right No. A23-02065A, Water Right No. 23-10119, and ..."

The deed shows that you own the entire place of use for 23-2065A, but own only half of the water right 23-02065A, and it appears that right "A23-02065A" should have been right A23-02065.

You need to provide this office with either an amended warranty deed for all of 23-02065A or a notarized agreement from the other owner of the one-half interest of the water right before your transfer can be processed.

The Department will hold further processing of your application for 30 days from the date of this letter to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the application.

Please respond on or before **October 19, 2005**.

Sincerely,

Keith C. Wilson
Senior Resource Agent
