LIMITED POWER OF ATTORNEY

KNOWN ALL MEN BY THESE PRESENT:

I, Lonnie Leavell, hereby nominate and appoint
Charles G. Brockway as my attorney-in-fact with full authority to
act for and on my behalf to undertake any and all acts or matters pertaining to water right
transfers before the Idaho Department of Water Resources for the following water right
transactions:

Permit applications for Rock House, Astorquia, Patterson, and Magic Ranch.

Transfers of portions of licenses 37-07395 and 37-02211 to the above properties.

in Camas County, Idaho. Additionally, I hereby ratify and confirm any
and all such acts on matters as contemplated herein.

My agent is hereby authorizing to sign, seal and deliver, as my act in deed, those said
instruments of writing that may be necessary or proper to carry into execution and effect the
applications, and transfers above-mentioned. Further, I hereby declare that each and every
application, transfer, agreement, receipt, or payment which shall be by my said agent given,
made or done for the aforesaid purposes shall be as good, valid, and effectual as if they had
been signed, sealed, and delivered by me in my own proper person; and I hereby undertake at all
times to ratify whatsoever my said agent shall lawfully do or cause to be done in or concerning
the said premises by virtue of these presents. This Limited Power of Attorney will become void
upon approval, denial or withdrawal of the above referenced applications.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal

My Commission Expires

WATER RIGHT APPLICATIONS FOR LONNIE LEAVELL ASTORQUIA PROPERTY

Brockway Engineering, PLLC
June 5, 2001

1. Permit Applications

Application #1 is for 1000 head of stock. The source is groundwater: one well in SESE Sec. 13 and a subsurface collector in NWNW Sec. 19. See the attached map. Water is delivered from the collector to a 1.5-inch mainline which travels north and west to feed stock troughs. The well also provides water to this mainline. This permit is being acquired under the Part A exemption for stockwater, which allows 13,000 gpd, so no mitigation is required.

Application #2 is to cover storage totalling 4.98 ac-ft in several new ponds on the property under the Part B domestic exemption. See the color-coded map. The surface area of these ponds is 1.48 acres, 1.38 of which is wetland-to-open water conversion which does not result in an increase in consumptive use, according to IDWR policy. The remaining 0.1 acres is "new" open water evaporation.

The peak evaporation (July) for 0.1 acre of ponds is 542 gpd, as determined using the Molnau (1992) procedure for monthly free water surface evaporation in Idaho (see attached spreadsheet). This is less than the allowable 2,500 gpd under the Part B exemption for stockwater.

No other domestic exemptions, either Part A or Part B, have been previously invoked for any portion of this property.

2. Transfers for irrigation usage

8.0 acres of trees will be irrigated on Astorquia from the 1.5-inch mainline described above:

 2.0 acres in SWSW Sec. 18, T2S R16E
5.0 acres in NESE Sec. 13, T2S R15E along the entrance road
1.0 acres in SENE Sec. 13, T2S R15E

One transfer application is being filed to move acres from Magic Ranch (groundwater license 37-07395) to the two points of diversion on Astorquia.

3. Other rights and SRBA claims and decrees for stockwater

There are no SRBA claims for stockwater on this property. There are, however, four active permits for a total of 13 ac-ft of stockwater usage and storage for stockwater, each right allowing 1000 head of range cattle and horses. These rights cover four ponds that have been in existence since the mid-1990s. See the color-coded map.
