RE: Application for Permit 75-15665

Dear Applicant(s):

The Department of Water Resources has received your water right application. Preliminary review of the application indicates that it is incomplete and cannot be accepted for processing. We are returning your application to allow you to complete the necessary items. The required information is described below.

1. The Point of Diversion legal description is confusing. I have enclosed an arc view map. Could you please mark the map on exactly where you are diverting the water from the Lemhi River.
2. The Place of Use, on the enclosed map with your property per the Lemhi tax lot, when I did a query on the place of use, the legal shows, T21N R23E Sec 33 NENW. Please correct the place of use on your application and return.

Please feel free to contact this office if you have any questions.

Sincerely,

Sharla Cox
Administrative Assistant
