1. E Retelle 8/30/2004 Application for Permit review

Comment: Recommend approval as suggested by IDWR Eastern.

2. E Retelle 8/31/2004 Government lot number

Comment: A fax dated 7/8/2004 from BLM indicated we might be missing a government lot number for the legal description on this permit. After investigating in ArcView and examining the government plat on microfilm, it seems this is not the case.
