Department of Water Resources

Re: IDWR Permit No. 63-11390.

Dear Kari Lynn:

Enclosed is an assignment of the above referenced permit from Wilder Foods, Inc., formerly known as SSI Foods, Inc. ("Wilder Foods"), to Johnson Research, Inc. ("Johnson"). Johnson is acquiring the land described by the place of use under permit no. 63-11390 from Wilder Foods.

While preparing the check to cover the permit assignment fee, we inadvertently combined the \$25.00 fee with the \$25.00 fee related to the change of ownership for an unrelated license no. 63-31629. Please apply \$25.00 of the enclosed \$50.00 check toward your permit assignment fee for 63-11390.

I will file the change of ownership for 63-31629 within 1 week of the date of this letter. Please apply the remaining \$25.00 balance of the enclosed check toward covering your change of ownership fee when you receive these documents.

Should you have any questions about the enclosed permit assignment or the allocation of the enclosed check toward covering these fees, please contact me. My phone number is 389-7359.

Sincerely,

Vic Conrad
Director Land, Water &
Asset Recovery
