RE: PERMIT NO. 96-8954

Dear Permit Holder:

The Department of Water Resources received the Proof of Beneficial Use and the Request for Extension of Time to Submit Proof of Beneficial Use forms you submitted in connection with the above-referenced permit. We cannot accept both documents. Your submittal of the proof of beneficial use, is to notify the Department that your project is complete and that you are ready for a field examiner to inspect your diversion and delivery system to verify your beneficial use of water. Because you noted that your home construction will begin March 1 2006 I cannot accept proof. Therefore, the Department is returning your original proof of beneficial use with this letter.

Enclosed is a copy of the approved request for extension of time submitted in connection with the above referenced permit which extends the proof due date to **April 1, 2007**. Please note that the department granted this extension based on evidence of **due diligence**. It is important that you work diligently toward the completion of this project during the construction period allowed, since the department will not grant any additional extension request based on this category.

Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner. Additionally, these forms can be found on our website at:
<http://www.idwr.idaho.gov>

If you have any questions regarding this matter, contact me at (208) 287-4942.

Sincerely,

A handwritten signature in cursive script that reads "Deborah J. Gibson".
