REQUEST FOR EXTENSION OF TIME RECEIVED
TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF BENEFICIAL USE FOR A WATER RIGHT PERMIT **MAR 28 2001**

Department of Water Resources

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right.

Permit No. 96-8954
Name(s) of Permit Holder: MARILYNN M. MOYLE
Address: P.O. Box 31 City SANDPOINT State ID Zip 83864
Telephone No. (208) 263-6758 Date Proof is Due: _____

Describe what work has been completed toward the development of this water right:

Septic drain field and system was installed in 1985. The road was improved along with electric and telephone lines. 1994 the shoreline as repaired with rip-rap and two water intake lines were installed under the rip-rap and fabric. The dock was replaced and modified per the CORP OF ENGINEERS permit. The building site has been leveled and prepared for a residence. A portable water pump has been used for the past three years to water trees, strawberries and vegetable garden and road dust abatement. Improvements costing: \$20,000+

The permit holder has been unable to complete the remainder of the work for the following reasons:

Divorce proceedings (1989-1993) precluded any development of the site at that time. As a single parent, I went back to school and completed my Doctor of Veterinary Medicine 1996 and Internship 1997. Construction of my veterinary clinic will be complete May, 2001. A residence on this lake property and full time use of the water permit is my next goal, but it may take the entire permit extension period.
