RE: App For Transfer 72270

Dear Mr. Brockman;

A question has come up concerning your ownership of the water right that covered your former business on Hwy. 93. Your old well there is being used to irrigate land on that property, but the only recorded water right there is the one you are trying to transfer. This puts a cloud over your ownership of this right, so we need a copy of the deed conveying the original property to the new owner. Please submit the document to this office by February 28 so that processing of your application can continue.

Regards,

James E. Stanton  
Sr. Water Resource Agent
