PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 37-21400

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to confirm your beneficial use of the water being diverted in connection with the permit.

The department also received your request to waive the measuring device requirement for your water use. The measuring device condition on Permit 37-21400 does not require the installation of measuring devices at this time. The phrase "After specific notification by the Department" means that the department will notify you in the future if/when a measuring device is required.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have any questions concerning the field examination, please contact the Southern Regional Office of the department in Twin Falls at 208-736-3033.

Sincerely,
