WATER RIGHT LICENSE

License of Water Right No. 95-7876 Priority October 3, 1978 Amount 0.04 cfs

THIS IS TO CERTIFY, that Helge K. Sather
of Coeur d'Alene, Idaho, has complied with the terms and conditions of Permit
No. 95-7876 issued pursuant to Application for Permit dated October 3, 1978,
and has submitted proof to the Department of Water Resources on September 28, 1983,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.04 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Domestic	from <u>January 1</u> to <u>December 31</u>	at <u>0.04</u> cfs and	<u>1.2</u> acre feet
(1 Unit)	from _____ to _____	at _____ cfs and	_____
	from _____ to _____	at _____ cfs and	_____

(both dates inclusive)

Subject, however, to the condition that no more than 0.04 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
1.2 acre feet per year, said waters to be diverted within the Gov. Lot 4 (SE $\frac{1}{4}$ NE $\frac{1}{4}$)

RE: Permit No. 95-7876

Hazel D. Whaley
Star Route
Coeur d'Alene, ID 83814

Dear Mrs. Whaley:

The Department of Water Resources, after reviewing your situation, has decided to issue a licensed water right for the water that you are using for household use. The license will be issued in your father's name but the water right will be appurtenant to the land you own.

It appears from our records that your father had at one time intended to supply water to 4 homes, which under Idaho law requires a water right. Apparently his plans were not able to be completed.

We are preparing the license with the following information:

Amount of water used: 0.04 cfs Source: groundwater

The maximum quantity diverted shall not exceed 1.2 acre feet per year.

Point(s) of diversion: Gov. Lot 4 (SE $\frac{1}{4}$ NE $\frac{1}{4}$) Section 17, Twp 48N, Rge 4W

Beneficial Use: Domestic use for one unit within Gov. Lot 4 (SE $\frac{1}{4}$ NE $\frac{1}{4}$)
Sec. 17, Twp 48N, Rge 4W

Priority date established: October 3, 1978

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

JIM JOHNSON
Water Distribution Supervisor

How do you recommend I proceed on this?

It appears that we have two options here. Option one is to refuse to accept the beneficial use card without proper documentation. Because Mrs. Whaley does not seem to be able to (or want to) provide the documentation the permit would lapse, leaving an unclaimed, legal, beneficial use rt for the single household domestic rt. The second option is to consider this situation somewhat unique because it is a single household domestic rt. Because of that factor we could verify the owner of the property and the existence of the household via a telecon w/ the county assessor (over),

SIGNATURE

(per SOP)
and issue a license without even conducting an on site field exam, to clarify the issue for Mrs. Whaley.

Due to the size and nature of this rt, I am inclined to select option 2, to call ^{the assessor and} prepare a license immediately, and to explain the situation to Mrs Whaley in her licensing cover letter.

Dear Ms. Fleck,

In answer to your letter of October 13 I really have no idea how I can prove to you who I am. All I can tell you is that my Father was Helge K. Sather and he died August 7, 1983. All I know is that the Prudential Insurance Co. gave me his Insurance money, Medicare has been sending me his checks to pay his bills. Social Security took my word for it when I notified them and the funeral parlor did the funeral and asked no questions when I gave them a check, and the people at the cemetery didn't doubt my word when I bought the plot. Now if you need some kind of proof that I am his only living relative you tell me what it is you want. I really don't even know what the purpose of all this water deal. . . I just wish someone would explain it to me. No one else here has had to go through all this to put in a well, why do we? Do you understand what I am saying? We have built a house and drilled a well and we are using it and that is that. No one else useses it and I doubt that anyone else ever will. Now is this something that we have to have or is this just something that my Father got into that he didn't understand? Perhaps he was planning some big project when he applied for it I don't know but that is not the case now. We now own the property and plan nothing more than we have already done. If it is not a thing we have to have can we just forget the whole thing? Please inform.

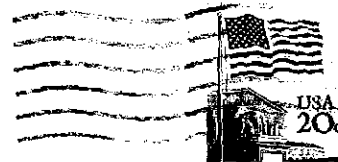

Thank You,

Re: Permit No. 95-7876

This office received the Statement of Beneficial Use postcard submitted on September 28, 1983. It appears in order except that now I need further evidence that you have the right to execute this document for your father.

A water right permit is personal property. Only the permit holder or an authorized agent may take action such as this on the permit. Please submit evidence showing that you have power of attorney or are the executress of the estate. Also, if you should have a document assigning this water right to you, that will satisfy our request.

Please return something by November 15, 1983 to make the statement acceptable and consequently, preventing lapsing of the permit.

If you wish to discuss this matter further, please feel free to contact me at 334-4290.

Dear Ms. Whaley:

Re: Permit No. 95-7876

I received your letter dated September 6, 1983 and will try to answer your questions.

The certified letter you received is for Permit No. 95-7876 which is for a groundwater source (well) for four domestic uses. Each permit the department issues is issued with a period of time allowed for completion of the proposed project. At the end of this construction period, the notice letter is sent. The construction period is now up on this permit and the department needs notification whether or not the project has been completed, whether an extension of time is needed for additional time or whether the project has been abandoned. Your father's water right permit is now at this stage.

You must determine whether or not more development will be taking place in the next five years; that is, will be adding more homes to the present system? (I understand that only one home has been built and the permit indicates a supply of water for up to four homes). If so, I suggest you complete and return the extension of time. If not, then submit the Statement of Beneficial Use postcard. One or the other of these documents should reach us by November 1, 1983 to prevent lapsing. Since a water right permit is considered personal property, the executor of the estate must sign the document and provide evidence showing his/her authority to do so.

If an extension of time is received, the department will take action on it and probably grant the extension. If the statement is received, the department will notify the regional office personnel to conduct a field exam after which the department will issue a water right license.

Dear Sirs:

On September 2, 1983 I recieved a Certified letter no. 138981 for my Father Helge K. Sather. My Father passed away in August. I have no idea what this letter^s about so I don't know what to do with it. There is a form to fill out for an extension of time but what for I don't know. In my Father's things I found a permit that was approved on November 3, 1978. Am I to asume this is a permit to dig a well? If so, the well has been dug and water tested etc. We now have a home on this property and are using the well. If this is what your letter is about please inform me what it is you want and I will try to comply.

Thank You Very Much,

Gentlemen:

Enclosed is a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to our office along with the publication bill. Your cooperation in this matter is appreciated.

Very truly yours,

ROBERT G. HAYNES, P.E.
District Supervisor
