LAPSE NOTICE

You are hereby notified that under the provisions of Section 42-218a of the Idaho Code, the above referenced permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper forms in our proof due notice to you dated February 28, 1986 and our letter to you dated June 10, 1986..

Your permit cannot be reinstated unless you submit the proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal including the examination fee or a completed field examination report or the extension request form together with the \$15 fee must be received by this department within sixty days of the date of mailing of this lapse notice or the permit will no longer be of any force or effect.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which brings title to the water in question.

Dear Mr. and Mrs. Park:

Returned is the Proof of Beneficial Use form submitted to this office on April 3, 1986. Also enclosed is a copy of the permit. Note the discrepancies between the source water and extent of use indicated on the permit and the source of water and extent of use indicated on the proof.

Please review the documents and determine what action is required on this permit. If the project is complete, that is the diversion of water from Rathdrum Creek for irrigation of 20 acres, complete and return the proof form and required fee or the proof form and notice that you have retained a certified water rights examiner (see instruction sheet). If additional time is required to put this water to a beneficial use, complete and return the extension request along with the \$15 filing fee.

Please consider the action you wish to take on this permit and notify the department by July 1, 1986.

If you have any questions concerning this matter, please feel free to contact this office.
