Dear Mr. and Mrs. Baker:

Thank you for responding to our letter of September 30, 1981 by submitting a request for an extension of time in which to submit proof to beneficial use of water under Permit No. 95-7682.

However, Idaho Code allows the Director to approve requests for extension of time if the permit holder can show that he has made reasonable diligence toward permit development; you indicated on your request form that no work had been done; Therefore, based upon this information rather than officially acting on your request we are returning your \$15.00 Check No. 1481, 28-3/1251 with the suggestion if you still plan to develop the water as intended you refile for a new permit.

If you have additional information concerning this permit or wish us to act officially on your extension request, please return the form with the check on or before December 1, 1981.

Sincerely,
