Spokane, Washington 99206

Dear Mr. Doughty:

One of the conditions of approval of your water Permit No. 95-7487 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

I am the owner of Lot 31 Harbor Island, on the Spokane River and have been informed that it is necessary and/or desireable to secure a permit for use of water from the river for irrigation purposes.

As I work every day I find it almost impossible to get into Coeur d'Alene during business hours and am therefore requesting that, if possible, you mail an application form to me for completion in order that I may make the proper application.

The only use I will be making of water from the river will be for necessary irrigating on the lot.

Yours very truly,

A. W. Doughty
