Re: PERMIT NOS. 95-7384, 95-7385, 95-7386, 95-7387

Dear Mr. Allred:

Idaho Forest Industries, Inc. has requested that we complete the "Proof of Application of Water to Beneficial Use" for the above permits. In reviewing the correspondence, it appears that the above forms were due as of November 1, 1978.

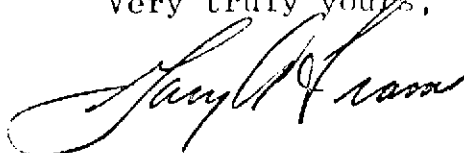

Permit No. 95-7384 is for a well that services the Coeur d'Alene Industrial Park. This well has been continuously in service since application was made.

Permit No. 95-7385 is for a well to serve an acreage development to the southeast of Coeur d'Alene in Section 20, Township 51 North, Range 3 West, Boise Meridian, Kootenai County, Idaho. This water as yet has not been put to continuous beneficial use, but will probably start this year.

Permit Nos. 95-7386 and 95-7387 are for two wells that previously were the sole source of water for the development of Alpine Meadows. These wells were low producers and had a high iron content which precipitated the drilling of an additional well on the prairie in the Northeast Quarter of the Northwest Quarter of Section 26, Township 52 North, Range 4 West, Boise Meridian, Kootenai County, Idaho. This new well is 12" in diameter and was put into service in the spring of 1978. (You should have an "Application for Permit" on file from Idaho Forest Industries, Inc. on this new well. Will you please supply me with this permit number?) This new well is now the primary source of water for Alpine Meadows. The two previous wells are used for emergency standby purposes only.

Will you please advise me of the proper course of action to take on these permits? Please contact me if you would require additional information in light of the various circumstances regarding the permits. Thank you for your help.

Very truly yours,

Gary A. Frame

Dear Mr. Frame:

The status of the above referenced permits per your letter of February 19, 1979, are as follows:

Permit No.'s 95-7384 through 95-7386

Lapsed November 1, 1978. Sixty (60) day reinstatement period ended on January 6, 1979. Permits now permanently lapsed.

Permit No. 95-7387

Licensed on November 4, 1976, for 0.08 cfs for domestic purposes.

The permit number for the new well drilled in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 26, Twp. 52N, Rge. 4W, is 95-7782.

As Permit No.'s 95-7384 through 95-7386 are now null and void, new applications for permit must be filed if water use is continued.

If you have any further questions, please contact us.

Idaho Forest Industries
P.O. Box 1030
Coeur d'Alene, ID 83814

Gentlemen:

On August 23, 1976, we forwarded an application for amendment and requested that you amend the above referenced permit prior to issuance of a license. As of this date we have not heard from you regarding this matter.

Please submit the amendment application and \$10.00 filing fee within 10 days of the date of this letter in order that we might issue your water license.

Sincerely,

BOBBY D. FLEENOR
Chief, Water Rights

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 95-7387 and has found the following:

Quantity of water diverted: 0.08 cfs Source: ground water

Amount of water that can be recognized as beneficially used under Idaho law: 0.08 cfs

The maximum quantity diverted shall not exceed 18 acre feet per year.

Point of diversion: SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 25, Twp. 52 N, Rge. 4 W, B. M.

Beneficial use: Domestic purposes for 15 families within the SW $\frac{1}{4}$, Sec. 30, Twp. 52 N, Rge. 3 W, B. M. and S $\frac{1}{2}$, Sec. 25; NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 36; Twp. 52 N, Rge. 4 W, B. M.

Priority date established: October 9, 1973

Our examiner found the location of the well to differ from that description under the permit. Therefore, it will be necessary to amend the permit before a water license is issued. Enclosed is a partially completed application for amendment for your use in this matter.

Please sign and return the enclosed application along with a \$10.00 filing fee within 30 days in order that we might issue your license as set forth above. If you do not concur with these findings or have any questions, please contact us within the 30-day period.

Sincerely,

BOBBY D. FLEENOR

Dear Sirs:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our District Office in **Coeur d'Alene.**

Gentlemen:

One of the conditions of approval of your water Permit No. 95-7387 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
