RE: Permit No. 95-7353

Dear Ms. Grover:

The purpose of this letter is to inquire as to the procedure to be followed, if any, to have my Water Right recorded. I am inquiring because of an article in the local paper, advising residents to make sure that their Water Rights are recorded prior to 1983. I do not know what procedure has to be followed and am therefore enclosing the Water Right License which was issued to my predecessor in interest, James W. Nelson.

Please advise me of any procedure I should follow, to guarantee that my Water Right is recorded and is perfected.

Sincerely,

MICHAEL J. NEWELL

Can you enlighten us as to the status of our application?

Re: Permit No. 95-7353

James W. &/or Alice L. Nelson
Route 8, Box 239
Coeur d'Alene, ID 83814

Dear Mr. & Mrs. Nelson:

One of the conditions of approval of your water Permit No. 95-7353 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.
