Dear Mr. Jones:

Your recent letter refers to the proof of beneficial use that is now due on your Permit No. 95-7350.

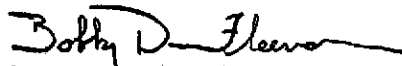

You should complete this proof of beneficial use to indicate that the well has been drilled and that the water is presently being used for domestic use in your house.

You originally applied for the use of this well for the irrigation of 10 acres of land. Enclosed is a copy of your original application.

Please complete the proof of beneficial use showing your domestic use so that a water right license can be issued for that purpose. This proof of beneficial use should be returned to this office on or before November 1, 1976.

If you have any questions, please contact us.

Sincerely,

BOBBY D. FLEENOR

Dear Sirs:

I recently received a certified letter from you with a questionnaire about our water permit. No. 95-7350.

We understood we had to have a permit to drill a well so we got one. All our well is for is our personal home and we do not irrigate from it at all. We have never had it tested to see what it will produce since it is adequate for our household use.

I'm sure there has been some misunderstanding as to the use of this permit. I hope this clears it up.

Sincerely,

Owen Jones

One of the conditions of approval of your water Permit No. 95-7350 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
