Rockford, WA 99030

Dear Mr. & Mrs. Jahns:

On August 30, 1978, a field examination was conducted of your system as proposed under Permit No. 95-7311. At the time of the exam no beneficial use of the water from Bozard Creek was found. This permit claims the use of 0.06 cfs of water for domestic and stockwater use from Bozard Creek and the point of diversion and place of use are located in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 1, Twp. 48N, Rge. 6W, B.M. This permit was approved July 27, 1973.

Therefore, you are hereby notified that under the provisions of Section 42-311, Idaho Code, this permit is hereby held for cancellation for failure to beneficially use the water as proposed in the permit, and you are required to show cause on or before June 14, 1979, why said permit should not be cancelled.

Proof must be given that water was being beneficially used for the purpose stated in the permit prior to the field examination.

Questions may be addressed to this office, or our Regional office in Coeur d'Alene.

Dear Mr. & Mrs. Jahns:

One of the conditions of approval of your water Permit No. 95-7311 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
