WATER RIGHT LICENSE

License of Water Right No. 95-7271 Priority April 3, 1973 Amount 0.83 cfs

THIS IS TO CERTIFY, that The Washington Water Power Company
of Spokane, Washington, has complied with the terms and conditions of Permit
No. 95-7271 issued pursuant to Application for Permit dated April 3, 1973,
and has submitted proof to the Department of Water Resources on May 6, 1976,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.83 cfs of water from a ground water source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Municipal</u>	from <u>Jan. 1</u> to <u>Dec. 31</u>	at <u>0.83</u> cfs and <u>n/a</u>	
	from _____ to _____	at _____ cfs and _____	
	from _____ to _____	at _____ cfs and _____	

(both dates inclusive)

Subject, however, to the condition that no more than 0.83 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
n/a acre feet per year, said waters to be diverted within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 18,

A measuring device of a type approved by this Department shall be permanently
maintained as part of the diverting works.

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho
Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use
herein described, as provided by the laws of Idaho.

**NOTICE OF APPLICATION
FOR WATER PERMIT**

Notice is hereby given that The Washington Water Power Company, P.O. Box 1445, Spokane, Washington has on April 3, 1973 submitted Application No. 95-7271 for a permit to appropriate 4.0 cubic feet per second of water from a ground water source by means of pump and motor within the SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 18, T. 51N, R. 3W, B.M., Kootenai County to be used from Jan. 1 to Dec. 31 for municipal purposes for 520 families (Avondale on Hayden) within the N $\frac{1}{2}$, Sec. 18; all of sections 6 and 7, T. 51N, R. 3W, B.M.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Administration, 401 Front Ave., Coeur d'Alene, Idaho, 83814 on or before April 30, 1973.

Dear Ms. Mortlock:

RE: Draft Application for License, Cabinet Gorge Hydroelectric Project, FERC 2058

The letter of October 15, 1998, from Larry La Bolle on the above project requested comments to you by January 15, 1999. Our letter is recognized to be late; however, comments felt to be appropriate are quite minor in relation to FERC's responsibility but generally relate to state of Idaho water rights for the project. This letter results from my discussion with Larry La Bolle on February 17.

In regard to the Draft Application for License, on page 3-14 of the Draft Collaboratively Prepared Environmental Assessment under Idaho Water Rights, we would have preferred a listing of the License and Certificate of Water Right document numbers. These documents are as follows:

- 96-02179 with priority date of September 7, 1950 for 25,000 cfs
- 96-02180 with priority date of November 7, 1950 for 10,000 cfs (not September 7, 1950)
- 96-02269 with priority date of November 3, 1961 for 700 cfs

It should be noted there is no storage license of record for the Cabinet Gorge Reservoir. Therefore a Claim to a Water Right under Idaho Code 42-243 should be filed in the near future on a Idaho Department of Water Resources form no. 243, Claim to a Water Right (Statutory Claim). According to page A-4 of the draft license application, the claim would be for 105,000 acre-feet for storage and 42,780 acre-feet for use from storage for hydroelectric use.

On page 4-45, the reference to the Idaho Water Resource Board's State Water Plan should reference the January 1997 edition not a December 1986 edition.

For the Draft License Application in the Initial Statement under item 6, compliance with each of the laws cited, it would have been beneficial to repeat the above license information with a summary of the claim information. This compliance section, as you know, was not provided in the draft application for license.

In regard to the name change to Avista Corporation, good business practice suggests a name/address change filing either by letter or on form no. 42-248/42-1409(6), Notice of Change of Water Right Ownership, would be made for Idaho water rights [Cabinet Gorge, Post Falls, and any others (?)].

This letter or form should include a listing of the water rights and a copy of the document(s) that makes the legal name change. A partial review of our data base lists the following additional Idaho water filings:

<u>Filing No.</u>	<u>Priority Date</u>	<u>Source</u>	<u>Quantity</u>
95-04518	01/01/1907	Spokane River	4,250 cfs (for Post Falls) (a claim)
95-08003	03/17/1980	Spokane River	1,150 cfs (for Post Falls)
82-02070	03/11/1926	Moore's Lake	715 ac-ft (power) in 71 acre lake
Water transferred to Moore's Lake Creek to Johns Creek to S.F. Clearwater R. (Storage in T. 26 N., R. 05 S., Sec. 6, NENE., B.M. Transferred from Inland Power & Light Co. A court likely would rule this licensed right forfeited because of non-use.)			
95-02205	02/21/1967	Groundwater	0.29 cfs (domestic)
95-04027	09/01/1963	Groundwater	1.20 cfs (domestic)
95-07185	04/03/1972	Groundwater	1.39 cfs (domestic)
95-07271	04/03/1973	Groundwater	0.83 cfs (municipal)
95-08432	01/30/1984	Groundwater	0.08 cfs (domestic)
95-02172	Lapsed		

Both the claim and name change filings may be made through our regional office located in Coeur d'Alene, Idaho, telephone number (208) 769-1450. Forms are enclosed with a copy of this letter to Larry La Bolle and also can be duplicated from internet at www.idwr.state.us.id/idwr/idwrhome.htm.

We have deferred a concern about erosion below Cabinet Gorge Dam to the oversight review and recommendations of the Idaho Division of Environment and the Idaho Department of Fish and Game.

Sincerely,

Ralph Mellin
Special Projects Coordinator

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 95-7271 and has found the following:

Quantity of water diverted: 0.83 cfs Source: ground water

Amount of water that can be recognized as beneficially used under Idaho law: 0.83 cfs

Point of diversion: SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 18, Twp. 51 N, Rge. 3 W, B.M.

Beneficial use: Municipal purposes within the N $\frac{1}{2}$, Sec. 18, all of Sec. 6 and all of Sec. 7, Twp. 51 N, Rge. 3 W, B.M.
(Avondale on Hayden)

Priority date established: April 3, 1973

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our District Office in **Coeur d'Alene.**

Gentlemen:

One of the conditions of approval of your water Permit No. 95-7271 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before JUNE 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Muffett:

Applicants seeking to appropriate water in Idaho no longer have to do their own advertising. The Department now processes the application, including advertising, and the newspaper forwards the proof of publication to our office.

The above referenced application is in our Main Office in Boise for final review, and you should receive a copy shortly.

To briefly review the steps to be taken in obtaining your water right; after you have received a copy of your approved application, you then must complete your project within the time stated on your application. Sixty days prior to the date of completion of your project, we will send you notice to submit proof of application of the water to a beneficial use. After this proof has been submitted, one of our field examiners will inspect your system for compliance with your permit. Our Department will then issue a Water License, which is the final step in obtaining your water right.

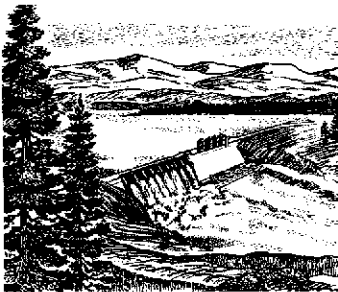

If you have any questions in this matter, or if we may be of any further assistance, feel free to contact this office.

Dear Mr. Muffett:

In reviewing our records, we find that permit #95-7271 was issued to Washington Water and Power Co. on May 8, 1973 and that the permit is in good standing. Proof of Beneficial Use is not required until June 1, 1976. We will notify you 60 days in advance to that date. Until then all the necessary steps have been taken.

It is now the procedure that our Dept. does all the necessary advertising of the applications. This has been completed.

If you should have any further questions, please contact us.

In compliance with your letter of March 26, 1973, we are forwarding our check No. 62390 in the amount of \$55.00 to cover the proper fee in our application of March 23, 1973. We regret that the wrong amount was forwarded previously.

Also please find enclosed our application form which has been executed by the Vice President and Chief Engineer of our Company.

Your early attention to the processing of this application will be appreciated. Thank you for your help in this matter.

Very truly yours,

Richard Muffett

Dear Mr. Muffett:

We are returning your application for permit and Check No. 92-47 in the amount of \$10. Before we can accept any application, it must show proper authority and must be accompanied by the proper fee.

The signature on the application must be an elected official of the company, stating his title, or a power of attorney must be submitted authorizing the signature. The filing fee for 4.0 cubic feet per second of water is \$55 (please refer to the enclosing fee schedule).

We have included an additional application for permit form for your use. If we may be of any further assistance, please contact this office.

Very truly yours,
