Dear Mr. Alderman:

One of the conditions of approval of your water Permit No. 95-7238 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before March 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Sir

Department of Water Administration
Northern District Office

I thank you for your assistant's
in my water permit. ~~There~~

There is one thing I want to
add, & that is the proposed well
diameter is 8" at a depth of 299 ft.
according to line 6 section B on
the permit. I want to make an
adjustment to that & you can
change the permit if necessary.

The well was drilled 8" in
diameter to 146' & a 6" casing
was installed (146') the remaining
153' was a 6" hole in granite.

Thank

George Alderman
