A Building Permit was issued in May 1972 for our lake cabin & there was no mention at that time of the water rights necessary for use of the lake water for household use. Frankly, we've never ever heard of anyone ever applying for a water permit anywhere. Our cabin will be ready for use in 2 weeks if it hasn't been for our neighbors at the lake we would have installed a water system without seeking a permit.

Dear Mr. Bell:

One of the conditions of approval of your water Permit No. **95-7198** (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before **October 1, 1973**. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
