Enclosure

95-7176

August 1, 1974

Robert & Helen Oswald
P. O. Box 730
Hayden Lake, Idaho 83835

Dear Mr. & Mrs. Oswald:

A representative of this Department has made an examination of the works covered by your Permit No. 95-7176 and has found the following:

Quantity of water diverted: 0.06 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.06 cfs

The maximum quantity diverted shall not exceed 1.2 acre feet per year.

Beneficial use: For domestic purposes within the NE 1/4 Sec. 15, Twp. 51N, Rge. 4W

Point of diversion: NE 1/4 Sec. 15, Twp. 51N, Rge. 4W, B.M.

Priority date established: March 2, 1972

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Our examiner's report also indicates that this well is being used for industrial purposes. As this license does not cover the industrial use, it will be necessary that you file an application for permit. We have enclosed a partially completed application for your use. If you have any questions regarding this matter, please contact us.

Sincerely,

BOBBY D. FLEENOR

Re: Permit No. 95-7176

Dear Mr. & Mrs. Oswald:

One of the conditions of approval of your water Permit No. 95-7176 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Application for Permit No. 95-7176

Mr. Robert E. Oswald
Hayden Lake,

Dear Mr. Oswald:

In reviewing your application for permit, we find all items in correct form. However, it is our opinion that the amount of water that you have requested is excessive for the purpose you have listed. In your letter of February 29, 1972, you stated that the water would be used for three (3) rest rooms and drinking water for approximately eight (8) people. If this is the case, then we have calculated that 0.06 cubic feet per second, which is equivalent to 27 gallons per minute, should be a more realistic figure to adequately meet your needs.

If you are not in agreement, please let us know as soon as possible. If we do not hear from you within twenty (20) days, we will automatically reduce item #4 to 0.06 cubic feet per second.

Please feel free to contact this Department if you should have any questions in reference to this matter.

Dear Mr. Oswald:

We are returning your application for permit and check #92-102, for \$10.00, for additional information and a proper signature. Under item #4, you have listed 0.2 cubic feet per second for domestic purposes of an industrial park. We will need to know exactly how the water will be put to use.

Also, due to the fact that there are two names listed under item #1, page #1, it will be necessary that both parties sign the application at the bottom of page three.

Please submit these requirements and return the application to our office.
