Dear Mr. Bodah:

Please go ahead and complete your application for permit form. The paragraph you quoted is referring to the use of the claim form. If your well was drilled in December of 1970, you must use the application for permit form.

The proof of beneficial use form will be sent to you upon request or sixty (60) days prior to the beneficial use due date. The beneficial use affidavit is a statement that you have completed your diversion facilities and are using the water. It usually reflects the same information as your approved permit.

If we can be of any further assistance in this matter, please feel free to contact this Department.

Very truly yours,

James Booker

Dear Mr. Booker,

After reading the instructions for filing an Application for Permit. I am not sure that is what I need.

I am not purposing drilling. My well is in existence at the present time.

The instruction sheet states that "These forms cannot be used for wells drilled after March 25, 1963.....". My well was drilled December 1, 1970, by an E. A. Holman drilling company, 601 S. Pines Rd, Spokane, Washington, 96216.

Possibly I need a "Claim to a Water Right" form, but than, the late date of drilling may prohibit filing that form.

Explaining what I want: I live in an outlining area that is slowly but surely building up. If persons drill to the left and right of me and it affects my supply and pressure I wish to have priority rights on what exists.

The well has been drilled on my property but the actual source is difficult to determine since its all underground. It may be impossible to make a claim on something that cannot be seen but if it can be done I wish to do so.

Further you referred to "proof of beneficial use". Could you explain?

Yours truly,

Leslie P. Bodah

Dear Mr. Bodah:

We are sorry for the inconvenience we have caused you. Enclosed is this Department's instruction sheet.

The \$10.00 fee is a one-time fee and includes all processing of your application, permit and final licensing. There may be a charge if you amended the approved permit at some future date. You have no further obligation until your works are completed, at which time you can submit your proof of beneficial use. We will send you the forms whenever you request them, or automatically sixty (60) days before the final proof due date.

If we can be of further assistance in this matter, please feel free to contact this Department.

Very truly yours,

James Booker

Dear Mr. Booker,

I have received the applications for water rights, handwritten and typed. But again there was no information sheet for reference enclosed. You keep mentioning it but it's never enclosed.

Except for the reference sheet my only other question is concerning the \$10.00 fee. Is it a one time fee or an annual? And what does it cover? Is there any other obligation on my part. To insure my priority to the use of the available water. now and in the future?

Yours truly,
Lestie P. Bodah
