License of Water Right No. 95-7165 Priority November 30, 1971 Amount 0.12 cfs

THIS IS TO CERTIFY, that CONKLING PARK WATER ASSN., INC.
of Moscow, Idaho, has complied with the terms and conditions of Permit
No. 95-7165 issued pursuant to Application for Permit dated November 30, 1971,
and has submitted proof to the Department of Water Resources on December 13, 1978,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.12 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

	from _____ to _____	at _____ cfs and	_____
	from _____ to _____	at _____ cfs and	_____

(both dates inclusive)

Subject, however, to the condition that no more than 0.12 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
86.7 acre feet per year, said waters to be diverted within the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 19, Twp. 47N.,

(name) (address)

State of Idaho, being first duly sworn, upon his oath deposes and says:

That he is the holder, or the duly authorized agent of the holder *, of Permit to
Appropriate the Public Waters of the State of Idaho No. 95-7165.

That under the terms and conditions of said permit, work thereunder was required
to be completed on or before January 1,, 19 77.

That he has heretofore performed the following work described under said permit:

Drilled a well, installed 20,000 gallons of storage, and installed service
distribution lines to 97 Association members.

Costing \$ 16,023.00

That he is unable to complete the remainder of the work within the required time for
the following reasons, to-wit: Extreme winter weather precludes work during that period
of the year except in emergency cases, and the area has
a high incidence of fair weather recreation use. In order to cause as little disruption
as possible in the area, necessary excavation work has been done prior to and
following the heavy traffic periods, except winter. The shortness of the work periods
result in our inability to complete several service lines by the completion date
of January 1, 1977.

Wherefore, he asks that the Department of Water Resources extend the time for the
completion of obligations under said permit to January 1,, 19 79.

Gentlemen:

A representative of this Department made an examination of the works covered by your Permit No. 95-7165 on April 3, 1979, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 0.12 cfs Source: a groundwater source

The maximum quantity diverted shall not exceed 86.7 acre feet per
year.

Point of diversion: NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 19, Twp. 47N, Rge. 3W, B.M.

Beneficial use: Domestic use for 83 homes within the SE $\frac{1}{4}$ NE $\frac{1}{4}$ (Lot 2), NE $\frac{1}{4}$ SE $\frac{1}{4}$,
SE $\frac{1}{4}$ SE $\frac{1}{4}$ (Lot 5), Sec. 19; Gov't Lots 2 & 5, Sec. 20, Twp. 47N, Rge. 3W, B.M.

Priority date established: November 30, 1971

If you do not concur with these findings please contact us within 10 days, otherwise a
water license will be issued as set forth above.

Dear Mr. King:

Since a plat showing the location of the houses on the system is not available, I am asking the Secretary of the water association to furnish your office with a list of all the homes now supplied.

When you make your inspection, I will be glad to identify each of them.

I will promptly advise you of date and place, as you have requested in your letter of March 5th, that I would be available to accompany you on your inspection.....this immediately after the Secretary furnishes you with the list.

Very truly yours,

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our regional office in **Coeur d'Alene**.

8. If for other than irrigation, describe the beneficial use to which you have applied the water and the place of use:
Water from the well in question is used to supply household and fire suppression service to the majority of the living units (both summer and year-round) in the lake-
shore community of Conkling Park at the southern end of Coeur d'Alene lake. All units
being served are within 1/2 mile radius of the well site location. Currently there are
108 memberships in the Association, 79 of which are using water from the system. The remainder of the memberships are assigned to undeveloped lots, and as soon as they are
built upon, service will be supplied.

9. Irrigation uses: describe the lands irrigated by giving the acreages irrigated within each 40 acre subdivision:

[illegible]

Total number of acres irrigated

10. Remarks: Many of the homes in the area supplied with water by this system are for seasonal and recreation use. Only 4 or 5 have year-round tenants, thus, there is a wide variation of consumption month to month. The system was put into service in late 1972 with 5 units on the service. As the distribution lines were completed, more units were added. On a peak demand day, such as the 4th of July, we estimate consumption at approximately 3,700 cu. ft.. During the mid-winter period we estimate average daily consumption at approximately 200 cu. ft..

The above information is a true statement of the extent to which the above numbered permit has been developed.

Gentlemen:

One of the conditions of approval of your water Permit No. _____ (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before January 1, 1979. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.

The enclosed Order removes the measuring device requirement as a condition of approval from your permit.

If you have installed the measuring device, the field examination can be more expediently conducted by the Department's field examiner as well as you will derive benefit from water management information which may be obtained from the installed meter.

If you have questions regarding this matter, please contact this office or our regional offices.

Dear Mr. Shelton:

Your September 27th letter requested several changes that you wish to make on Permit No. 95-7165, presently in the name of J. Howard Coon.

This permit is considered to be personal property of Mr. Coon and it must be assigned to you prior to your making any changes. An assignment form is enclosed for your use.

The amount of water requested on a permit cannot be increased as you request in your letter. But, instead, a new application to appropriate the additional water must be filed. We have enclosed an application form and instructions on which the additional water can be applied for use by the 105 families.

Apparently you also need additional time within which to complete the project. Therefore, we have enclosed an extension of time request form which may be used to request the additional time on Permit No. 95-7165.

If you have any questions, please let us know.

Department of Civil Administration

Dear Mr. Booker:

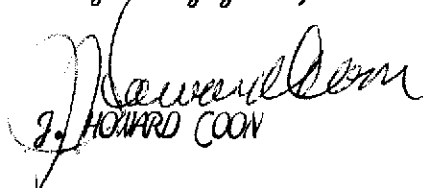

First, I wish to thank you for your courtesy and helpfulness respecting application for a permit to appropriate water. I regret that I was so slow in returning it with needed information, however events so decreed.

I have not as yet seen Mr. Hedlund or Mr. Chase, my representative and senator, to the end that your department may better serve Idaho citizens.

I apparently did not speak too clearly in giving my address---it is Worley and not Burley---I made a correction on the application.

Thanking you, I am

Very truly yours,

J. HOWARD COON
