Dear Mr. Capaul:

Enclosed is an "Assignment of Permit" form which will be necessary transferring permit #95-7142 to the City of Coeur d'Alene. An elected official from Idaho Water Co. will need to sign the assignment. After obtaining their signature please return the form to our office. This is necessary before submitting the "Beneficial Use" form for the well under permit #95-7142. If you can not obtain the signature, please notify our Dept. as soon as possible.

We have also listed an abstract of water rights which we have recorded with our Dept.. As we discussed on the phone, once the permit has been licensed there is no procedure for changing names on the licenses when the property is sold. We record water rights according to legal description and whomever owns the property will own the water right.

Gentlemen:

One of the conditions of approval of your water Permit No. 95-7142 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before JULY 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
