Re: Permit No. 96-7004 (Renumbered to 95-7124)

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 95-7124 and has found the following:

Quantity of water diverted: 2.38 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 2.38 cfs

The maximum quantity diverted shall not exceed 1,071 acre feet per season.

Beneficial use: Irrigation of 306 acres within the N $\frac{1}{2}$ of Sec. 20,
Twp. 51 N. Rge. 4 W. B. M.

Point of diversion: SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 20

The priority date established is: March 8, 1968 (late proof)

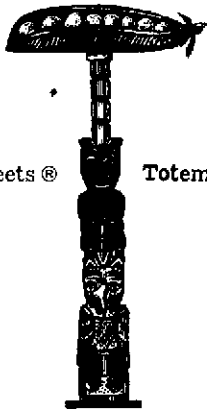

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Sincerely,

Re: Permit No. 96-7004

Morrison Farms, Inc.
P.O. Box 171
Hayden Lake, Idaho 83835

Gentlemen:

Enclosed please find an Order of Reinstatement reinstating the above referenced permit. You will note that the priority has been reduced to March 8, 1968. We are also enclosing a copy of the assignment for your records. The assignment has been recorded in our office and the original copy placed in our files.

This office is in receipt of your affidavit setting forth proof of application of water to beneficial use under Permit No. 96-7004. However, in reviewing that affidavit, it appears that you have failed to install the measuring device as required by the conditions of approval of your permit and by Section 42-701 of the Idaho Code. As you may be aware, before we can issue a license, we are required by law to conduct an inspection to determine the amount of beneficial use that has been made under the permit. To accomplish this, we would require the use of the measuring device set forth under the terms of your permit.

Re: 96-7004
June 2, 1970

In the event that we were to make the inspection and the measuring device was not installed, our probable course would be to deny the proof of application of water to beneficial use and the permit would lapse.

I would appreciate hearing from you as soon as possible as to your intentions regarding the installation of a measuring device. Please indicate what type and when you intend to install said device. We are enclosing a list of the type of devices approved by the Department of Reclamation.

If you have any questions regarding this matter, please contact us at once.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

Dear Mr. Ritter:

We are in receipt of your letter, of March 27, 1970, in reference to Permit No. 96-7004. If the assignment in question should be in the name of Morrison Farms, Inc., instead of Morrison Seed, Inc., a new assignment will be necessary. Morrison Seed, Inc., will now have to assign this permit to Morrison Farms, Inc.

You will find enclosed the necessary assignment form for your use. If you should have any further questions, please feel free to contact us.

Gentlemen:

On February 17, 1970, this office received an assignment from Mr. Math A. Follmer assigning the above referenced permit to you. The assignment has been recorded and we are herewith enclosing a copy of permit 96-7004 and a copy of the assignment for your records.

You will note that under the conditions of approval of this permit, proof of the application of water to beneficial use was due on March 1, 1970. On this date the permit automatically lapsed. We are enclosing the notice of lapsing, initiated on this date.

Please be advised that in order to have this permit reinstated, proof of the application of water to beneficial use must be received by the Department on or before May 5, 1970. We are enclosing a proof of beneficial use affidavit for your use in this matter.

If you have any questions regarding the above, please feel free to contact us at any time.

Dear Mr. Follmer:

We are in receipt of your letter, of February 14, 1970, and the assignment for the above referenced permit to Morrison Seed, Inc., P.O. Box 66, Dishman, Washington. Please be advised that you are still the owner of the permit, which remained personal property; therefore, your assignment directly to the new owner of the property will be the most direct route to take. Otherwise, it would involve additional assignments involving Finucanes and yourself. We will accept the present assignment as adequate to convey the permit to its present owner. If this is not satisfactory to you, please advise us by return mail.

Dear Mr. McEldowney:

I would like to make myself clear on the assignment of permit no. 96-7004 that I am sending you. Charles Finucane bought this land from me. I got the permit and gave it to Mr. Finucane, as we stated in the letter we sent to you. He completed the well and irrigated in the summer of 1969.

I was told by Finucane's manager (Mick Blakely) the property was sold to Morrison Seed, Inc. by Mr. Finucane and making proof of beneficial use should be sent to Morrison Seed Inc. However the contract between the Finucanes and us did not change. I have a feeling that the assignment of permit should have been assigned to Mr. Finucane since I gave him the permit when he bought the property.

If this assignment should be assigned to Mr. Finucane instead of Morrison Seed Inc., please void the one to Morrison Seed Inc. and send another assignment of permit and I shall assign it to Mr. Finucane.

Very truly yours,

Dear Mr. Follmer:

Apparently, the present owners of the property in question are the Morrison Seed, Inc., P.O. Box 66, Dishman, Washington. You should be advised that in as much as an assignment was not filed at each time the property was sold, you are still the actual owners of the permit. In order to keep the permit from being cancelled, you will be required to submit proof of beneficial use or assign the permit to Morrison Seed, Inc., and we will advise them of their requirements. If this permit is cancelled, there will be no authority to use the well.

We are enclosing an assignment form and we are returning the proof forms, please advise us as to your intent in this matter.

Dear Mr. Higginson:

I got your registered letter, no. 21500, and form for proof of application permit no. 96-7004 of water to beneficial use. However, I am not familiar with this problem. My problem is that this property was sold to Mr. & Mrs. Charles Finucane on a contract, only as a condition precedent to the agreement of sale that we would join Mr. & Mrs. Finucane in obtaining a permit for irrigation water. The effective date of sale was when the application for permit was granted and the State of Idaho issued a permit for obtainment of water from the subterranean source by well.

After the permit was granted, the permit was delivered to Mr. Finucane by me. Mr. Finucane completed all performances of the well.

Mr. & Mrs. Finucane left for the winter, so I contacted his manager, Mick Blakely, Hayden Lake, Idaho and he informed me that the property was sold to Morrison Seed Inc. P. O. Box 66 Dishman, Washington Atten: Robert A. Ritter and they are the holder of the permit and data on the well, and this proof of application should be sent to them by you, so am returning it to you.

Thanking you,

Dear Mr. & Mrs. Follmer:

One of the conditions of the approval of your permit no.
96-7004 was that proof of application of the water
to beneficial use be submitted to this office on or before
March 1, 1970.

Enclosed is an affidavit form which must be used to submit
this proof. You may request an extension of time provided the
delay is for reasonable cause as indicated in Section 42-204,
Idaho Code Amended.

Either the proof or a request for extension of time must
be received by this department on or before the above mentioned
date, otherwise the permit will lapse and be of no further force
or effect.
