Dear Mr. Donahue:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field exam, please contact our Northern District Office at 401 Front Ave., Room 209, Coeur d'Alene, Idaho.

Dear Mr. Donahue:

Your questions concerning the proof of beneficial use form have been received.

The purpose of the proof affidavit is to indicate that your water project is complete. For small projects such as yours no measuring device is required as a part of the diversion works. The amount of water may be estimated by yourself from the manufacturers pump rating.

We hope this answers your questions so that the proof form can be submitted by September 1 and prevent your permit from lapsing.

Re; Permit No. 95-7118

Dear Mr. Higginson;

I have a couple of questions regarding the proof of application of water to beneficial use which I am required to submit to your dept.

Does one have to have a water expert inspect a store purchased water pump and pressure tank which is used to pump water from the lake to a lake home. And second does a measuring device have to be installed if you know what the fps rating of the pump is.

Just exactly what is needed when a small pump is used to divert lake water, on this form .

Would appreciate your earliest possible reply as I would like to submit this form to your office by the dead line which is Sept. 1, 1973.

Very truly yours,

William E. Donahue

Dear Mr. Donahue:

One of the conditions of approval of your water Permit No. 95-7118 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
