Dear Mrs. McBride:

Referring to your letter of February 3, 1971, an examiner from our department made the required inspection of your water system located on Hayden Lake during the month of August and found your pump and motor had been removed. In January, someone from our office contacted you by phone to see if the system was still in operation and you stated that the system had been removed for the winter. After finding out that information, we sent the exam up to the Water Rights Section to be licensed. You have completed all requirements and the license will be issued as soon as possible. In your letter you stated you may live year around at the lake so we extended the period of use from January 1 to December 31.

I hope this clears up any questions you had pertaining to the license. If we can be of further assistance, please feel free to contact us at any time.

Dear Sirs:

Recently a man from your department called me about the water right survey at Hayden Lake.

There must be some confusion there in lot numbers. He made the remark I hadn't used the place last summer. I hadn't as I have a bedridden 96 year mother.

But he also remarked, "the place was boarded up." That, it isn't. In thinking it over I decided he was looking at the place east of me that had been boarded up after a fire there.

I told him I had received an approved paper & he said something about a license. I also said I wished I had made the request for the year not just the summer months & he said it could probably be amended.

We have a pump house at the edge of the lake & that we take the pump out (to prevent freezing) each fall, we install during nice weather.

I think you will find the boarded up house is on the Honey-suckle Hills Water setup. We aren't as we use the pump on the edge of lake.

Perhaps I'd best add too - I bought from Mr. Bennet a strip of land east of lot 83 & it is

95-7040

not under Mr. McBride's name. You see...
I never probated the house after Mr. McBride's
death so both pieces probably are under
different names tho the same property now.

The lot number is 83 & the other is 4303 S of ad.

Thank you.

RECEIVED

NOV 5 1968

Dear Sirs:

Department of Reclamation

As before I've sent in this claim for water rights & had it returned.

I called Boise & spoke to a Mr Elard, who suggested I send it in again - as I did & have had it again for several weeks. His suggestion was because the processing takes considerable time.

I told him I'd sent in an answer to the state summons to the Mr Higginson on June 17, 1968 at Coeur d'Alene, Idaho.

As I received no further word, & as I explained that Mr McBride (also sent a summons) had been dead for nine years. I presumed I did not have to appear in person. I have a 93 (94 in Nov) mother here who is bedridden, so did not go to the hearing.

I've received no further notice so am again sending this claim to water rights as of 1954 with my redated check - hoping it now is possible to have this claim filed this time.

Sincerely

(Mrs) Lillian C McBride
